# Highlights

## Sync light to music and films

Extend your TV viewing experience to the whole room or lift your gaming experience to the next level. Download a third-party app and discover the amazing things you can do with Philips Hue. Or sync light to your favourite music and enjoy every beat to the fullest. Turn any room into a dance floor and see how light reacts to your music. Download one of the third-party apps and get the party started with Philips Hue.

## Smart control

Connect your Philips Hue lights with the Bridge and start discovering the endless possibilities. Control your lights from your smartphone or tablet via the Philips Hue app, or add switches to your system to activate your lights. Set timers, notifications, alarms and more for the full Philips Hue experience.

## Sleep and wake up naturally

Twist a Philips Hue candle into your bedside table lamp and it will help you to get out of bed the way you like to. Start your day smoothly with a warm sunrise. The gradually increasing brightness gives you the feeling you are waking up from natural light - rather than the rude awakening of an alarm. In the evening, relaxing warm white light helps you to unwind, relax and fall asleep more comfortably at night.

## Installation-free dimming

Control your Philips Hue lights directly with the wireless dimmer switch. You can turn the lights on and off, switch between the four different light recipes and dim to the right brightness. Installation is quick, simple and hassle-free. All you have to do is pair the switch with the lamp and place the switch anywhere in your home. It's that easy.

## Create your ambience

Setting the ambience has never been easier with Philips Hue candle bulbs. Choose any shade of white light to set the ambience or decorate your home with a mix of warm and cool white light. You can enjoy different styles throughout the year, whether it's the crisp white light reminding you of a spring breeze, the warm white light of a summer sun or the ice-cool daylight of winter.

## Immersive gaming experience

Lift your gaming to the next level. Philips Hue lights can sync to your games for an immersive gaming session. The lights respond to events in the game for an intense experience.

# Specifications

## The bulb

- Fitting: E14
- Form factor: B39
- Lifetime: 25,000 hour(s)
- Colour temperature: 2200-6500 K
- Wattage: 6.5 W
- Input voltage: 220 V-240 V
- Light output: 16 million colours
- Start up: Instant 100% light output
- Height: 39 mm
- Width: 117 mm
- Max. operation power: 6.5 W

## What's in the box
