© Silentnight - January 2019

\*Independent survey - see [silentnight.co.uk](http://silentnight.co.uk) for details

\* Listed Spring Counts are based on a King Size Mattress (measuring 5ft x 6ft 6in/150cm x 200cm). The amount of springs will alter on a pro-rata basis dependent on mattress size.

**Mirapocket support system**  
Our Mirapocket spring system has been scientifically proven to provide superior spinal alignment and body support. Independently tested by The **University of Central Lancashire**

**Miracoil support system**  
Our exclusive advanced coil zoned spring system offers fantastic support and maximises sleeping space. With twice as many springs as standard products, it provides no roll together for less partner disturbance and zoned support for a better night's sleep.

## Core mattress support for all body types

At Silentnight we pride ourselves on producing durable, supportive mattresses for all body types, built to the highest quality and rigorously tested to ensure total comfort all night long. You can choose from our advanced Miracoil or Mirapocket spring support systems.

<b>FIRM</b> FIRMNESS RATING	<b>ADVANCED COIL</b> SUPPORT SYSTEM	<b>POLYESTER</b> COMFORT FILLING
--------------------------------	--	-------------------------------------

- Soft knit fabric cover for a softer sleeping surface.
- Polyester comfort layer for additional comfort and enhanced breathability.
- Exclusive Miracoil advanced coil spring unit offers comfort and support.
