

John Lewis Slim track

Thank you for purchasing this product from John Lewis. Please read the instructions and warnings carefully before use to ensure safe and satisfactory operation of this product.

Face fix for walls
Top fix for ceilings

Lengths
130cm – 250cm. Maximum curtain weight **6kg (13 lbs)**

1. Pack contents

Track (cm)	1.3m	1.9m	2.5m
Top fix track with end stops or	1	1	1
Face fix track with end stops	1	1	1
Button slides	18	26	36

The pack contains everything you need to install this track. The track may be fixed with or without a pre-installed wooden batten.

You will require the following tools: pencil, electric drill, screwdriver, measure and spirit level. If fixing to plaster or masonry, medium size wall plugs suitable for No. 6, 8, and 10 screws will be needed.

2. Trimming to fit

Mark a positioning line along the wall or ceiling to the finished track length required.

Remove the end stops from the track.

Measure the exact length of track required. Make sure there are screw holes within 10cm (4in) of each end of the track. This may mean trimming at both ends or drilling an extra screw hole.

Cut square using a hacksaw. Smooth the cut edges.

Insert the number of button slides required and replace end stops.

3. Fixing track

Present the track to your positioning line along the wall or ceiling.

Mark the screw hole positions drill the screw holes.
For plaster or masonry fixing, insert plugs.
Fix the track with the screws provided.

4. Hanging curtains

Use standard header tape and hooks for your curtains. Hooks are available as an optional extra.

Lift the curtains up to the track and attach the hooks to the button slides and end stops.

Care and maintenance

Your John Lewis Slim track may be cleaned by wiping the rail and fittings with soapy water. When dry, apply a silicone-based polish to the running surfaces to ensure smooth operation.

Warning

It is recommended that this product should only be installed by persons competent in DIY. Ensure the correct fixings are used for the appropriate wall type. If in doubt consult a qualified person.

Please keep out of the reach of young children.

Small parts - choking hazard
