HAVERSTOCK TABLE LAMP

USER GUIDE

Product Code:

70650409

Getting started

Thank you for purchasing this John Lewis & Partners product. For your safety, and to make sure everything is working properly, please read the instructions carefully before use.

Warnings

This is a Class II product and must NOT be earthed.

Please read these instructions carefully before commencing any work.

Your lamp has been packaged as separate parts to prevent damage during transit. When manoeuvring or assembling this product, it must be lifted from the bottom section.

The lamp must be protected by a 3 amp fuse in the mains plug.

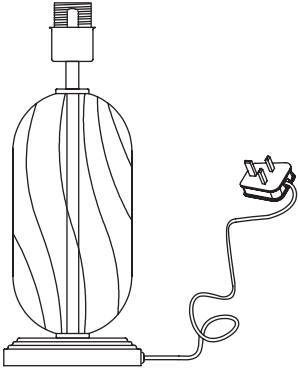

If you are in any doubt, please consult a qualified electrician.

For your safety, always switch off the supply before cleaning or changing the bulb.

If the mains cable becomes damaged it must only be replaced by a technically competent, qualified person.

Always use correct type and wattage bulb. Never exceed the wattage stated.

Parts list

Description	Image	Quantity
Light fitting and shade ring (fitted)		x 1
Shade		x 1

Product assembly

Step 1

Carefully unpack the carton, making sure all the parts are present before assembly.

Step 2

To attach the shade (A), locate over the threaded lampholder and remove and refit the shade ring (B). Secure in place.

Step 3

Fit the recommended bulb (C) as per the details overleaf.

Step 4

Plug in and operate the on/off dimmer by touching the lamp base (D) (one touch low light level, second touch brighter, third touch brightest and forth to touch off).

Your table lamp is now ready for use.
