Product Name	Small Wild Fig & Ginger Candle in green glazed pot

Warnings and Pictograms (ensure these are the correct size, minimum 10x10mm):

THE LITTLE BOTANICAL

A BLEND OF VEGETABLE AND MINERAL WAX WITH A SINGLE WICK
IN A GREEN LITTLE BOTANICAL CERAMIC WITH A PROTECTIVE
MANGO WOOD LID.

On the first time of lighting, burn for a minimum of 3 hours
or until the wax pool reaches the edge of the ceramic.
Your candle will then burn evenly all the way down.
Approximate Burn Time: 30 hours.

We recommend using the mango wood lid as a base for the candle
once lit to protect surfaces.

Before relighting, always ensure the wick is trimmed to approximately 5mm,
this will prevent any smoking and ensure the best scent.
Once used, why not reuse the ceramic pot as a plant pot?
