MUSHROOM XL LED TOUCH TABLE LAMP USER GUIDE

Getting started

Thank you for purchasing this John Lewis & Partners product. For your safety, and to make sure everything is working properly, please read the instructions carefully before use.

Warnings

This product is only suitable for connection to a 240V~50Hz supply in accordance with current IEE Wiring Regulations.
This product is Class II and must NOT be earthed.
The lamp must be protected by a 3 amp fuse in the mains plug.
If the mains cable becomes damaged it must only be replaced by a technically competent, qualified person.
Under no circumstances must this table lamp be covered with any material as this could pose a safety hazard. It must be used on a stable, flat surface.
If you are in any doubt about your competence please consult a qualified electrician.
If any modification is made it will invalidate the warranty and may render the product unsafe.
When moving or cleaning, always switch off at the mains and allow the LEDs to cool before handling.

Parts list

Description	Image	Quantity
Light fitting		x 1
Shade		x 1

Product assembly

Step 1

Carefully unpack the carton, making sure all the parts are present before assembly.

Step 2

Attach the shade (A) by screwing onto the top of the lamp in a clockwise direction. Do not overtighten.

Step 3

Plug in and operate the on/off dimmer by touching the lamp base (B) (one touch low light level, second touch brighter, third touch brightest and forth to touch off).

Please note:

The touch function best works when the contact point is large (a hand rather than a finger).
