- Ribbed diffuser creates a pleasant light • Durable material that is well-suited for harsh weather
- 15-year guarantee on surface deterioration

The Linton series by Danish design duo Says Who is carried out in a round and elegant design with clear references to the classic lantern. It has a ribbed diffuser that ensures a pleasant, diffused light and a base made from brass that is well suited for harsh weather. The wall lamp creates the perfect ambience for your outdoor areas.

Brass is a sturdy and weather-resistant material, making the lamp suitable for harsh coastal areas. Over time, brass takes on a darker patina, which results in a beautiful brownish colour.
