

Product information

- Indoor use only
- 3 step dimmable
- Clean the fitting with a soft dry cloth. Do not use abrasive chemical cleaners as this will damage the finish
- This product contains a Li-ion battery

Aftercare and Troubleshooting

Please note the touch sensor will use a small amount of current at all times and will slowly drain the battery even when the light is off.

If you find the lamp turning itself off, even when the product is put on charge, it means the battery has been almost completely drained and needs initial charging before the lamp can be switched on again. Please refer to Step 3.

If there are technical issues with this product that you are unable to resolve, please contact your nearest John Lewis & Partners shop or call Technical Support on 03301 230106.

Specification

Max power: 2W LED
3000K 129Lm

Getting started

Thank you for purchasing this John Lewis & Partners product. For your safety, and to make sure everything is working properly, please read the instructions carefully before use.

Warnings

This product is battery powered and the internal battery is recharged via a supplied USB-A to USB-C cable.

This product should only be connected to equipment of Class II or class III.

Batteries are only to be charged by persons over 8 years of age.

Only charge via a input max. 5W DC 5V 1A SELV plug-in adapter (phone charger or similar USB outlet).

Power supply or battery charger used with the product shall be regularly examined for damage to the supply cord, plug, enclosure or other parts, and in the event of damage, it shall not be used until the damage has been repaired.

Do not plug this product directly into the mains or by other means other than the supplied cable.

This product is not suitable for children under 3 years of age.

The light source contained in this luminaire shall only be replaced by the manufacturer or their service agent or a similar qualified person.

The battery must not be opened, destroyed or incinerated.

Instructions for Disposal (End-of-Life Management): This product contains a lithium battery which must be disposed of separately from household waste at the end of its life. To protect the environment and human health, please ensure proper disposal of this battery and the product.

Information for Recyclers: To ensure safe and efficient recycling, the battery should be removed by trained professionals in accordance with local regulations and industry best practices for lithium battery recycling.

John Lewis & Partners are committed to responsible sourcing of raw materials used in our products, including lithium batteries. We adhere to robust due diligence policies to prevent and mitigate social and environmental risks throughout our supply chain, in accordance with Regulation (EU) 2023/1542.

Parts list

Description	Image	Quantity
Light fitting		x 1
USB cable		x 1

Product assembly

Step 1

Carefully unpack the carton, making sure all the parts are present before assembly.

Step 2

Connect the USB cable to the product (A) and to a USB outlet (B) (phone charger or similar USB outlet rated input max. 5W DC 5V 1A).

Step 3

Charge the battery, which is already fitted to the product before first use.

Ensure the product is fully charged before operating.

The light indicator (D) will turn from red to green when fully charged.

Your table lamp is now ready for use.

To operate the on/off dimmer, touch the button (C) on the back of your lamp. (one touch low light level, second touch brighter, third touch brightest and fourth to turn off).

When used on the brightest setting the light will start to dim after 6-8 hours of use.

Top up the battery by charging the lamp until the light turns green (approx. 4 hours).

Always unplug after charging. Do not use while charging to extend battery life.

Note:

The shade has been pre-assembled for your convenience.

If the shade is loose, tighten by rotating clockwise.
