## Care Instructions

- **Always close the parasol during high winds or storms** to prevent damage to the structure and fabric. Ensure it is securely tied down when not in use.
- **Avoid leaving the parasol open** when not in use, especially in adverse weather, as this can cause undue stress on the frame and mechanism.
- **Clean the fabric regularly** with warm soapy water and a soft cloth. Avoid using harsh chemicals or abrasive cleaners, as they may damage the fabric or the wood-effect finish.
- **Store the parasol in a dry place** when not in use for long periods, particularly during winter months. Consider using a protective cover to prevent dust buildup and exposure to UV rays.
- **Avoid placing the parasol near open flames** or sources of high heat, as this may damage the fabric and frame.
- **Ensure the parasol is correctly positioned and securely mounted** in its base to prevent tipping or damage.
