| <b>Product Information Sheet 60cm Color Boutique</b> |                         |
| Delegated regulation(EU)st.65/2014                   |                         |
| Supplier's name or trade mark:                       | Stoves                  |
| Model identifier:                                    | ST DX MRA RICH 60DF IWH |
| SKU Code   | 444411993               |
| Number of cavities                                   |                         |
| <b>Cavity 1</b>                                      |                         |
| Energy Efficiency index                              | 91.3                    |
| Energy efficiency class                              | A                       |
| Energy consumption per cycle -conventional heating   | 0,63kW/h                |
| Energy consumption per cycle -fan heating            | /                       |
| Heat source for the baking area                      | Electricity             |
| Usable volume for baking                             | 33L                     |
| Lighting type  | Halogen                 |
| Energy efficiency class of a light source            | G                       |
| <b>Cavity 2</b>                                      |                         |
| Energy Efficiency index                              | 95.1                    |
| Energy efficiency class                              | A                       |
| Energy consumption per cycle -conventional heating   | 0.88kW/h                |
| Energy consumption per cycle -fan heating            | 0.80kW/h                |
| Heat source for the baking area                      | Electricity             |
| Usable volume for baking                             | 70L                     |
| Lighting type  | Halogen                 |
| Energy efficiency class of a light source            | G                       |
| <b>Cavity 3</b>                                      |                         |
| Energy Efficiency index                              | /                       |
| Energy efficiency class                              | /                       |
| Energy consumption per cycle -conventional heating   | /                       |
| Energy consumption per cycle -fan heating            | /                       |
| Heat source for the baking area                      | /                       |
| Usable volume for baking                             | /                       |
| Lighting type  | /                       |
| Energy efficiency class of a light source            | /                       |
