

Product information

- Indoor use only
- Non-dimmable
- Replacement bulbs should be the same type and rating, available from John Lewis Partners or other established brands
- Clean the fitting with a soft dry cloth. Do not use abrasive chemical cleaners as this will damage the finish
- Glass parts - Use a dry or slightly damp cloth. Do not use abrasive materials as these will damage the finish. Take care when handling glass parts to avoid damage or injury

Aftercare and Troubleshooting

You've switched on the light, but it's not working:

1. Check your power supply is switched on
2. Turn off the light and check that the bulb is inserted correctly
3. Check the bulb is still in working order

If there are technical issues with this product that you can't solve, please contact your nearest John Lewis & Partners shop or call Technical Support on 03301 230106.

TEMPLE FLOOR LAMP USER GUIDE

Product Code:
12020902

Getting started Thank you for purchasing this John Lewis & Partners product. For your safety, and to make sure everything is working properly, please read the instructions carefully before use.

Warnings This is a Class II product and must NOT be earthed. It is for indoor use only, and not suitable for a bathroom location. Your lamp has been packaged as separate parts to prevent damage during transit. The lamp must be protected by a 3 Amp fuse in the mains plug. Do not plug into the mains until your lamp is fully assembled. If you are in any doubt, please consult a qualified electrician. Under no circumstances must this floor lamp be covered with any material as this could pose a safety hazard. It must be used on a stable, flat surface. Always use correct type and wattage bulb. Never exceed the wattage stated. If the mains cable becomes damaged it must only be replaced by a technically competent, qualified person. Ensure cables do not present a trip hazard or strangulation hazard. For your safety, always switch off the supply before cleaning or changing the bulb. This product contains glass so care must be taken when fitting or handling to prevent personal injury or damage to the product. **Please note:** This product contains wood which is a natural material. The variations in veining, colour and texture are natural characteristics which make each piece unique.

Parts list

Description	Image	Quantity
Light fitting (3 sections + base)		x 1
Shade		x 1
Hex key + x 1 spare grub screw		x 1
Spanner		x 1
Metal washer		x 1
Serrated washer		x 1
Fixing screw		x 1

Product assembly

Step 1 Carefully unpack the carton, making sure all the parts are present before assembly and place on a stable, flat surface.

Step 2 Remove the protective plastic end-cap (A) and any cardboard from the cable.

Step 3 Screw tube (C) onto the lampholder section (B) in a clockwise direction. Take care not to trap the cable or cross the threads.

Step 4 Gently pull any excess cable through the end of tube (D).

Step 5 Using the supplied hex key (E), loosen the two grub screws on the top of tube (D). Attach tube (D) to tube (C) and re-tighten the grub screws to secure in place. Ensure that the screws and cable exit are at the back.

Step 6 Slot the assembly onto the base (F). Rotate carefully but firmly to make sure the shade faces forward (see fig. 1).

Step 7 Fit the metal washer (G), serrated washer (H), then fixing screw (I) under the base and using the supplied spanner (J) tighten to secure in place. Check the tightness of the joints and stand the product upright.

Step 8 Fit the recommended bulb (K) as per the details overleaf.

Step 9 Attach the glass shade (L) by screwing onto threaded lampholder in a clockwise direction. Tighten with light pressure. Periodically check the secure fit of the shade.

Step 10 Unbundle the cable from the cable tie. Your floor lamp is now ready to use. Switch on using the switch on the top of the stem (M).
