

**For use**

We recommend cleaning with a soft dry cloth. Do not use abrasive materials as these will damage the finish.

**Fitting/Replacing the bulb - Max 60W**

During use the bulb and light fitting get very hot. Always switch off at the mains and allow the bulb to cool before replacing. Always use a replacement bulb of the same type and never exceed maximum wattage. Dispose of used bulbs carefully.

**Specification**

Maximum wattage: 1 x 60W

Voltage: 240V, 50Hz

IP Rating: 20

Weight: 0.8kg

### **Warnings!**

To prevent electrocution switch off at mains supply before installing or maintaining this fitting.

Ensure other persons cannot restore electricity supply without your knowledge. If you are in any doubt, please consult a qualified electrician. Always use the correct type and wattage bulb. Never exceed the wattage stated.

When changing a bulb, always switch off at the mains and allow the bulb to cool down before handling. Dispose of used bulbs carefully.

This product is suitable for domestic indoor use only.

Clean only with a dry duster.

### **Assembly**

Refer to assembly diagrams opposite. Carefully unpack the carton, making sure all the parts are present before assembly.

#### **Step 1**

Remove the outer shade ring (A) from the lampholder (B)

#### **Step 2**

Place the gimbal (C) over the lampholder (B). Remove the inner shade ring if you are using an E27 lampholder. Make sure the hooks are facing upwards. Secure the gimbal in place by refitting the outer shade ring (A).

#### **Step 3**

Fit the bulb. Please refer to the instructions below.

#### **Step 4**

Hook the loops of the shade (D) over the gimbal (C) to secure the shade in place.
