Thank you for purchasing this Emilia flush ceiling light.
Please read the instructions carefully before use to ensure safe and satisfactory operation of this product. Please keep these instructions for future reference.

Warnings!

This fitting is class II.
This fitting should be fitted in accordance with IEE Regulations and the Building Regulations. If in any doubt, or where required by law, consult a competent person who is registered with an electrical self-certification scheme. Further information is available online or from your Local Authority.
To prevent electric shock switch off at the mains supply before installing or maintaining this fitting. Ensure other persons cannot restore the electricity supply without your knowledge.
If you are in any doubt, please consult a qualified electrician.
If replacing an existing fitting, make a note of the connections.
Always use the correct type and wattage bulb. Never exceed the wattage stated.
Caution! The bulb and surrounding parts can become hot during use.

Care instructions

We recommend cleaning with a soft dry cloth.
Do not use abrasive materials as these will damage the finish.
Indoor use only.
Replace bulbs from John Lewis or established brand of the same type and compatibility.

Assembly

Ensure the house electricity supply is switched off at the fuse board.

Step 1

Fix bracket onto ceiling by using screws provided. Ensure that the bracket is fixed to a wooden joist, or use a suitable fixing to the ceiling which will support the weight of the fitting.

Step 2

Connect cables or terminals as shown below:

Check all wires are tight in the terminal block, and no loose strands are left out.
Cover with insulating tape (not included).

Step 3

Remove the protective film before installing bulbs.

Step 4

Fit the light bulbs into socket (bulbs not included). The maximum power indicated must not be exceeded.

Step 5

Attach aluminium rods to main frame as indicated in the diagram.

Step 6

Attach crystal chain (A) to central hole, and then attach all crystal chains (B) working from inner outwards.

Switch on the electricity supply at the fuse board. Insert the plug into the power supply and turn on the switch.
