

Product information

- Indoor use only
- Non-dimmable
- Replacement bulbs should be the same type and rating, available from John Lewis Partners or other established brands
- Clean the fitting with a soft dry cloth. Do not use abrasive chemical cleaners as this will damage the finish

Aftercare and Troubleshooting

You've switched on the light, but it's not working:

1. Check your power supply is switched on
2. Turn off the light and check that the bulb is inserted correctly
3. Check the bulb is still in working order

If there are technical issues with this product that you can't solve, please contact your nearest John Lewis & Partners shop or call Technical Support on 03301 230106.

DEVON FLOOR LAMP USER GUIDE

Product Code:
12000303
12000313

Thank you for purchasing this Devon floor lamp. Please read the instructions carefully before use to ensure safe and satisfactory operation of this product.

Warnings!

This product is Class II (double insulated) and must not be earthed.

Please read these instructions carefully before commencing any work.

For your safety, always switch off the supply before changing lightbulbs, cleaning or removing shades.

Always take care when handling lightbulbs to avoid injury in case of breakage.

Your standard lamp has been packaged as two separate parts to prevent damage during transit.

Parts List

Shade		1	Base & Stem		1	Shade Fixing Finial		1
-------	---	---	-------------	---	---	---------------------	---	---

Assembly

Step 1

Do not attempt to plug in or use this product until it has been fully assembled. Disconnect from mains during assembly or maintenance. Refer to the assembly diagram on the right.

Step 2

Remove all packaging from the base, stem and shade.

Step 3

Remove the shade fixing finial.

Step 4

Fit the recommended bulbs as per the details overleaf.

Step 5

Place the shade onto the base and secure in place by refitting the shade fixing finial.

Step 6

Your standard lamp is now ready to use. Plug in and switch on using the floor switch.
