

For use

We recommend cleaning with a soft dry cloth. Do not use abrasive materials as these will damage the finish.

Recommended bulb

1 x 3.5Watt

GU10 LED Energy Efficient bulb.

or

1 x 7Watt

GU10 LED Energy Efficient bulb.

When changing a bulb, always switch off at the mains and allow the bulb to cool before handling. Dispose of used bulbs carefully. Do not exceed the wattage stated or use a different shape bulb from that indicated on the fitting.

Thank you for purchasing this Charter Floor Lamp. Please read the instructions carefully before use to ensure safe and satisfactory operation of this product. Please keep these instructions for future reference.

Warnings!

Please read these instructions carefully before commencing any work. For your safety, always switch off the supply before changing lightbulbs, cleaning or removing shades. Always take care when handling lightbulbs to avoid injury in case of breakage. Your standard lamp has been packaged as four separate parts to prevent damage during transit.

This product is Class II (double insulated) and must not be earthed.

Parts list

Please refer to product drawing opposite.

Floor Lamp comprising:-

- | | |
|----------------------|----------------------------|
| 1 x Arm (A) | 1 x Base (D) |
| 1 x Shorter Stem (B) | 1 x 3.5W GU10 LED bulb (E) |
| 1 x Longer Stem (C) | 1 x Bulb Fitting Tool (F) |

Assembly

Step 1

Do not attempt to plug in or use this product until it has been fully assembled. Disconnect from mains during assembly or maintenance. Refer to the assembly diagram on the right.

Step 2

Remove all packaging from the Arm (A) Stems (B/C) and Base (D).

Step 3

Screw the Shorter Stem (B) onto the Arm (A). Then screw the Longer Stem (C) onto the Shorter Stem (B). Finally, screw the Longer Stem (C) onto the Base (D). Take care not to cross the thread when assembling the stems and arm together.

Step 4

Stand the product upright and check the tightness of the joints by hand.

Step 5

Fit the recommended bulb (E) as per the details overleaf. Keep the supplied bulb fitting tool (F) for future use.

Step 6

Your standard lamp is now ready to use. Plug in and switch on using the inline switch (G). The angle of the shade can be adjusted using the handle at the back of the shade.
