Helpful advice
before you begin

1. We suggest you spend a short time reading through this leaflet and then follow the simple step by step instructions.
2. Do not discard any of the packaging until you have checked that you have all the parts and the pack of fittings.
3. Assemble this product on a soft surface.
4. To ensure an easier assembly, we strongly advise that all fittings are only finger tightened during initial assembly. Only upon completion of the assembly should all fixing points be fully tightened.
5. We recommend a periodic check on all fixing points to make sure they remain fully tightened.
6. Keep out of reach of small children. It contains small parts which might present a choking hazard.
7. Do not use any other tools other than those recommended to build this product.

Assembly instructions

Step 1 Insert 2 wooden poles (B) through felt sling (C).

Step 2 Insert screws (D) through frame (A) into the wooden pole (B) and tighten using allen key (E). Repeat for frame (D). Insert the final pole (B) and fastened with screws (D) at point (A) on the frames.
