Wall light

05/04/2019

Thank you for purchasing this Linton wall light. Please read the instructions carefully before use to ensure safe and satisfactory operation of this product.

Warnings!

This is a Class II product and must NOT be earthed.

For your safety, this product must be installed in accordance with local Building Regulations. If in any doubt, or where required by the law, consult a competent person who is registered with an electrical self-declaration scheme. Further information is available online or from your Local Authority

To prevent electric shock switch off at mains supply before installing or maintaining this fitting. Ensure other persons cannot restore the electrical supply without your knowledge.

This light fitting should be connected to a 5 amp fused circuit.

This product is suitable for installation on surfaces with normal flammability e.g. wood, plasterboard, masonry. It is not suitable for use on highly flammable surfaces (e.g. polystyrene, textiles).

Ensure the correct fixings are used for the installation surface.

For your safety, always switch off the supply before cleaning or adjusting.

This product is not dimmable.

Parts list

Parts list	Image	Qty
Light fitting		1
Wall back		1
Screws		2
Wall plugs		2
Hex key		1

Assembly

Refer to assembly drawing opposite. Carefully unpack the carton, making sure all the parts are present before assembly.

Step 1

Before removing the existing fitting, **carefully note the position of each set of wires.**

Step 2

Remove the 2 hex screws at the top of the product using the supplied hex key to detach the wall back. Keep screws safe for refitting later.

Figure 1

Step 4

Having identified the household wiring from your existing light fitting, connect to the connection block inside the product as shown. When completed, ensure that there are no bare or loose strands of wire exposed.

Check that

You have correctly identified the house wires.
The connections are tight.
No loose strands have been left out of the connection block.

Figure 2

Step 6

Replace fuse or circuit breaker and switch on. Your light is now ready for use.

Care instructions

We recommend cleaning with a soft dry cloth. Do not use abrasive materials as these will damage the finish.
