

Care instructions

Check that all assembly fittings are tight on a regular basis.

Practical advice

Clean with a mild soapy solution and wipe off with a dry cloth.

Cleaning products may contain chemicals which can have a corrosive effect.

Warnings!

This product should be fitted in accordance with the manufacturer's fitting instructions - see diagram overleaf.

This fitting pack contains small items which should be kept away from small children.

Safety

Wear suitable eye protection when drilling. When using power tools near water - for added protection against electric shock the use of a residual current device is advised.

Beware of hidden pipes or power cables. Take care when drilling on glazed tile surfaces in case the drill slips.

Made in China

Thank you for purchasing this product. Please read the instructions carefully before use to ensure safe and satisfactory operation of this product. It is recommended that this product should only be installed by persons competent in DIY. Before beginning assembly, please ensure you have all parts outlined in the parts list below.

Parts list

Chrome hook
Wall bracket
Retaining screw (hex socket)
Wall screws (×2)
Wall plugs (×2)
Allen key for retaining screw

Material composition

Zinc alloy wall bracket
ABS hook

Assembly

You will need a power drill, 6mm masonry drill bit, medium cross-head screwdriver, tape measure, spirit level and a pencil to install this product.

Ensure the wall surface is of suitable strength and construction.

Note: The wall plugs provided are suitable for solid stone or brick walls. For other wall types (e.g hollow plasterboard) use appropriate wall plugs and drill bit.

If in doubt, consult a qualified person.
