

PAIGE TABLE LAMP

IL2555

Thank you for buying this **Paige** table lamp.

Please read the instructions and warnings carefully before use to ensure safe and satisfactory operation of this product.

Warnings

- * If the flexible cable of this product is damaged it should be exclusively replaced by the manufacturer or a similar qualified person in order to avoid a hazard.
- * To prevent electrocution switch off at the mains supply before assembling or maintaining this fitting. Ensure the plug is not connected to any power supply and read instruction before assembly.
- * This product is fitted with a 3 amp fuse and is suitable for 240 volt ring mains.
- * Always be sure to use the correct type and wattage of bulbs as indicated on the fitting. Never exceed the wattage stated.
- * When changing the bulb, ensure product is unplugged and allow the old bulb to cool down before handling. Dispose of used bulbs carefully.
- * This fitting is designed for use with self-shielded tungsten halogen lamps only. 

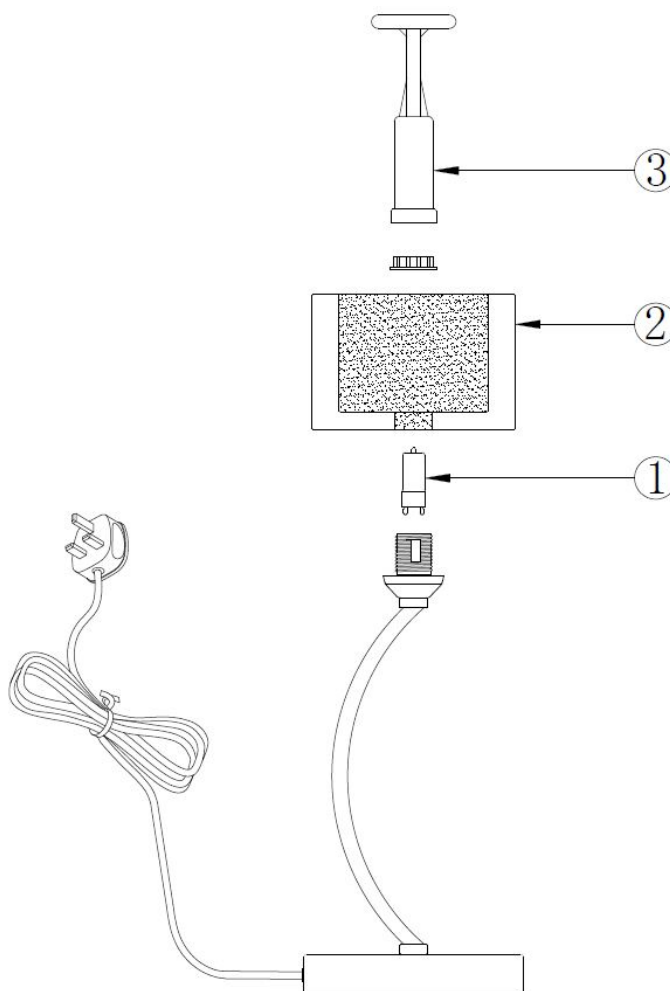

Assembly Instructions

Unpack the lamp and remove all packaging. Be careful not to scratch surfaces of the product whilst unpacking.

Step 1: Fit bulb, type and wattage as indicated on fitting. **The wattage indicated must not be exceeded.** Use only self-shielded bulbs.  Do not touch halogen bulbs with bare hands, as this will shorten their life.

Step 2: Fit the glass, remove the threaded ring from the lampholder and place the glass onto the lampholder. Secure glass in position by tightening the threaded ring up that was removed using the tool provided.

This lamp is operated by an ON/OFF touch sensor. Touch the base once to turn on the light, touch again to turn the light off.
