

HOUSE STOCKHOLM SHADE

IL3992

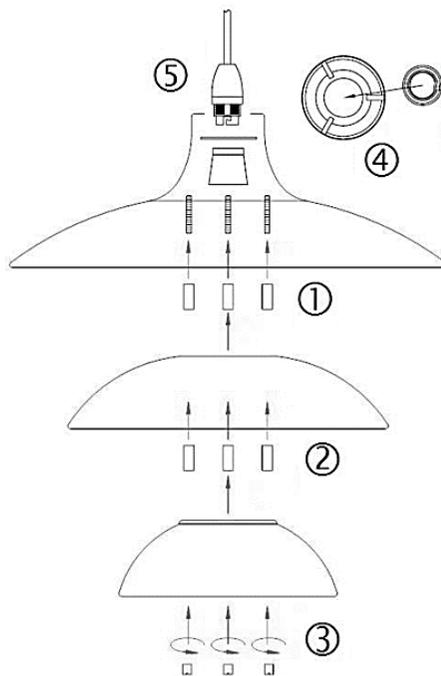

Thank you for buying this non-electrical pendant.

Please read the instructions and warnings carefully before use to ensure safe and satisfactory operation of this product.

Make sure the electricity is switched off at the fuse board before removing bulb.

Note: This fitting needs to be assembled on a clear covered surface prior to installation. Do not attempt assembly once the light fitting has been fitted to the ceiling.

1. Fit the 3 spacers to the studs and then fit the first Tier ①
2. Fit the 3 spacers to the studs and then fit the second tier. ② Secure the tier assembly in position using the 3 finial nuts and ensure the assembly is tight. ③
3. Ensure the existing lamp holder is in good condition and is not damaged before proceeding.
4. Allow the old bulb to cool down before handling. Remove existing light bulb from lamp holder.
5. Remove lower half of lamp holder and make sure lamp holder is not damaged.
6. If required, fit the metal reducing ring into top ring of the shade. ④
7. Place upper half of lamp holder, attached to cable, through top ring of shade and reducer ring. Replace lower half of lamp holder to hold the pendant in place. ⑤
8. Fit the bulb, type and wattage as indicated on the product.
9. Switch the electricity back on at the fuse board. You may now switch on the light. Your non-electric shade is now ready for use.

Please retain this information leaflet for future reference

GENERAL INFORMATION

This fitting is designed for internal use only
Do not use polish or abrasive cleaner – just a soft dry cloth.
