Thank you for purchasing this Tommy floor lamp . Please read the instructions carefully before use to ensure safe and satisfactory operation of this product.

### Warnings!

The bulb and surrounding parts can become extremely hot during use.

When changing a bulb always switch off at the mains first and allow the bulb to cool down before handling

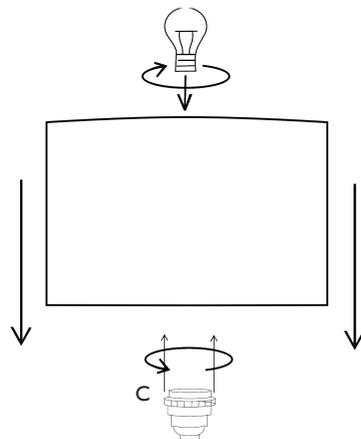

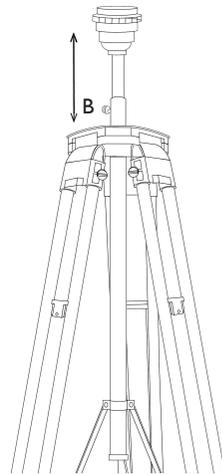

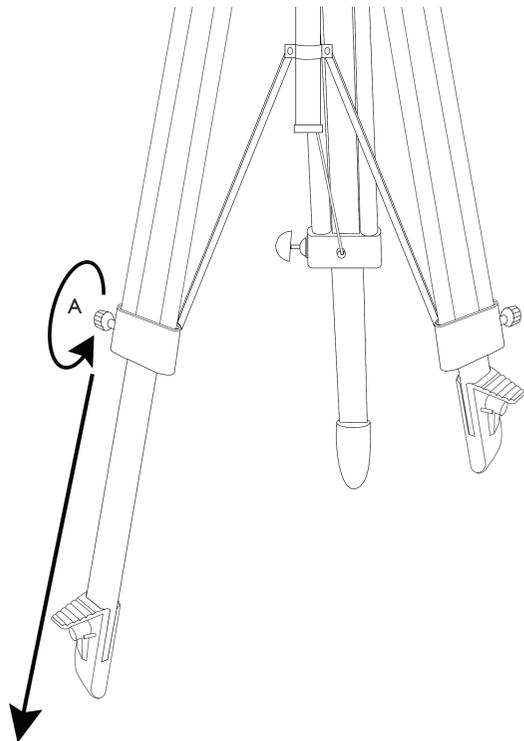

The max power indicated in the 'Specifications' section must not be exceeded.

Dispose of used bulb carefully.

For indoor use only.

### Parts list

1 x tripod base assembly
1 x 18" shade
1 x shade ring (C)

### Assembly

1. Remove all protective packaging (Carton 1 and 2)

#### IMPORTANT NOTICE

Plastic/plastic bags can be dangerous. To avoid danger and suffocation keep away from babies and children.

2. Place the lamp with the feet of the legs on a stable surface, ensure that the legs are evenly spaced to approx. 50-60cm apart at the feet.
3. Adjust the legs individually approximately 5-10cm maximum at any one time. Loosen one wing bolt (A), slide each leg out in sequence and re-secure with the wing bolt.
4. Repeat this process for all three legs until the desired height is reached ensuring that the wing bolts are secured hand tight.
5. The lampholder height can also be independently adjusted, loosen the thumb screw (B) and gently raise the lampholder to the desired height, tighten the thumb screw hand tight to secure before releasing the lampholder.
6. Remove the shade ring (C), add the shade (supplied in carton 2) and secure with the shade ring

### Care instructions

Ensure that the product has been switched off and allowed to cool, using a soft dry cloth

Wipe clean lamp base only, do not wipe the bulb.

Before moving or adjusting ensure the product is disconnected from the electricity supply.
