Assembly

Refer to assembly drawing to the side. Carefully unpack the carton, making sure all the parts are present before assembly.

Step 1

Before removing the existing fitting, **carefully note the position of each set of wires**.
Step 2

Refer to Figure. 1. Detach the ceiling cover (A) from the product by firstly unscrewing the shade (B). Then detach the gear tray (C) by removing the 3 screws (D). Keep safe for refitting later.

Step 3

Refer to Figure 2. Attach the ceiling cover to the ceiling using the supplied fixings (E), screws (F) and washers (G).

Step 4

Having identified the household wiring from your existing light fitting, connect to the connection block inside the product as shown.

SUPPLY		LIGHT FITTING
NEUTRAL		BLUE (N)
SWITCHED LIVE		BROWN (L)

Check that

You have correctly identified the house wires.
The connections are tight.
No loose strands have been left out of the connection block.

Step 5

Refer to Figure 3. Refit the gear tray (C) with the screws (D) set aside earlier. Then tighten the shade (B) back on to the ceiling cover.

Step 6

Replace fuse or circuit breaker and switch on. Your light is now ready for use.

Care instructions

We recommend cleaning with a soft dry cloth. Do not use abrasive materials as these will damage the finish.
