User manual Huxley Floor lamp

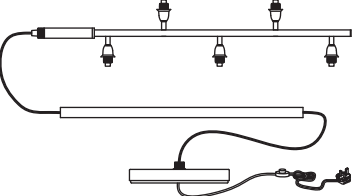

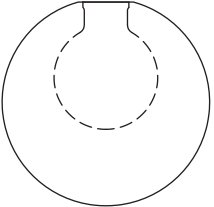

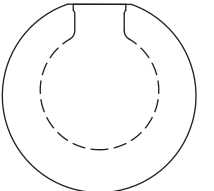

Thank you for purchasing this Huxley floor lamp. Please read the instructions carefully before use to ensure safe and satisfactory operation of this product.

Warnings!

This lamp is for indoor use only.

The supply cord cannot be replaced. If the cord is damaged, the table lamp should be destroyed in order to avoid a safety hazard.

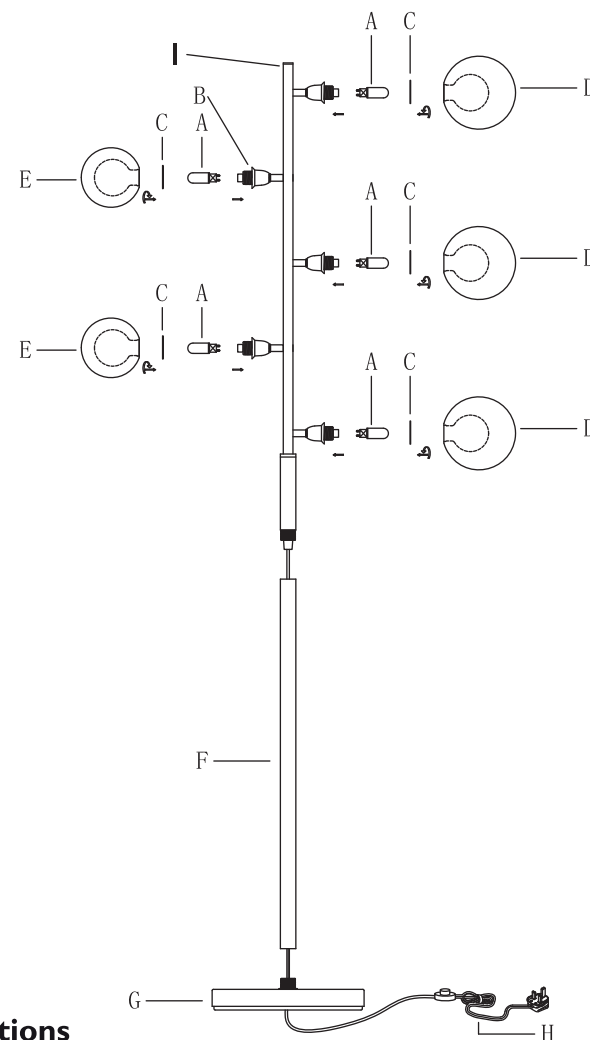

Parts list

A		5
B F G H I		1
C		5
D		3
E		2

Assembly

Carefully unpack the carton, making sure all parts are present before assembly. Place lamp parts on a flat surface as per sketch.

1. Insert G9 LED bulb (A) into socket (B). Place silicone ring (C) over the opening in shade (D, E).
Secure glass shade (D, E) to the lamp by screwing it onto socket (B). Repeat to assemble all shades.
Do not over tighten the glass shades. If the shades are screwed down too tight the glass can break.
2. Screw part (I) clockwise into pole (F) until tight.
3. Screw pole (F) clockwise into base (G).
4. Untie the tie securing cable (H).
5. Turn lamp on and off with the foot switch on cable (H).

Care instructions

We recommend cleaning with a soft dry cloth. Do not use abrasive materials as these will damage the finish.
