Instructions for use

Adjusting the field of view

The distance between the eyes varies from one person to another. To achieve perfect alignment of the eyes and the lens openings, hold the binoculars in the normal viewing position and move the two barrels either apart or together until you have a single clear field of view.

Focusing

Look through the eyepieces and move the focusing wheel (B) until the image appears clear.

---

Care instructions

1. Do not expose to excessive moisture.
2. Avoid banging and dropping.
3. Store in a cool, dry place.

---

Cleaning the binoculars

1. Use a lens brush or a soft lint-free cloth.
2. If you use a cleaning agent, never apply the liquid to any of the glass surfaces, but sprinkle it on the cloth.

---
