

## Product information

- Indoor use only
- Dimmable - When used with dimmable bulbs
- Replacement bulbs should be the same type and rating, available from John Lewis Partners or other established brands
- Clean the fitting with a soft dry cloth. Do not use abrasive chemical cleaners as this will damage the finish

## Aftercare and Troubleshooting

### You've switched on the light, but it's not working:

1. Check your power supply is switched on
2. Turn off the light and check that the bulb is inserted correctly
3. Check the bulb is still in working order

If your bulb is flickering, try adjusting the dimmer level. If the problem still persists, consider sourcing a different quality brand of dimmable bulb.

If there are technical issues with this product that you can't solve, please contact your nearest John Lewis & Partners shop or call Technical Support on 03301 230106.

# BALDWIN TABLE LAMP USER GUIDE

## Getting started

Thank you for purchasing this John Lewis & Partners product. For your safety, and to make sure everything is working properly, please read the instructions carefully before use.

## Warnings

This is a Class II product and must NOT be earthed.  
Do not plug into the mains until your lamp is fully assembled. It must be used on a stable, flat surface.  
Under no circumstances must this table lamp be covered with any material as this could pose a safety hazard.  
When manoeuvring or assembling this product, it must be lifted from the bottom section.  
The lamp must be protected by a 3 Amp fuse in the mains plug.  
If you are in any doubt, please consult a qualified electrician.  
For your safety, always switch off the power supply before cleaning or changing the bulb.  
If the mains cable becomes damaged it must only be replaced by a technically competent, qualified person to avoid a hazard.  
Ensure cables do not present a trip hazard or strangulation hazard.  
Always use correct type and wattage bulb. Never exceed the wattage stated.  
Wait 10 minutes for the product to cool down before replacing or adjusting the shade.  
If any modification is made, it will invalidate the warranty and may render the product unsafe.

## Parts list

Description	Image	Quantity
Light fitting		x 1

## Product assembly

### Step 1

Carefully unpack the carton, making sure all the parts are present before assembly.

### Step 2

To fit the shade first remove the shade ring from the lampholder. Place the shade over the lampholder and secure in place by refitting the shade ring.

### Step 3

Fit the recommended bulb as per the details overleaf.

### Step 4

Plug the table lamp into the mains. Switch on using the rotary dimmer switch. Your table lamp is now ready for use.

The angle of the light can be adjusted by loosening the adjustment key, changing the angle, and then re-tightening the key.

### Note:

This product will only function correctly with a dimmable bulb.
