

TWIRL FLOOR LAMP

USER GUIDE

Product code
120 20104

Getting started

Thank you for purchasing this John Lewis & Partners product. For your safety, and to make sure everything is working properly, please read the instructions carefully before use.

Warnings

To prevent electric shock, switch off at the mains supply before installing or maintaining this fitting. Ensure another person cannot restore the electricity supply without your knowledge.

If you are in any doubt, please consult a qualified electrician.

Always use the recommended bulb type and rated power. Never exceed the rated power stated.

The flexible cable on this luminaire, if damaged, shall only be replaced by the manufacturer or his service agent or a similar qualified person.

It is the installer's responsibility to ensure that the fixings and plugs used are suitable for the surface you are fixing your product on.

Caution! The bulb and surrounding parts can become hot during use. Do not cover. Keep away from curtains, bedding etc.

Always route mains cable so it does not present a hazard (entrapment, tripping etc.); Ensure that there are no twists or snags in the cable.

Plug into the mains supply; switch on using the inline cord switch provided.

When moving this lamp, always carry by holding the stand part (and not the glass).

Parts List

Description	Image	Quantity
Floor Lamp		× 1
Spanner tool		× 1
Shade		× 1

Product assembly

Step 1

Unpack the product (A) and remove all packaging.

Be careful not to scratch the surface of the product whilst removing the wrapping.

Lay the product out on the floor. If the floor is not carpeted, please cover it with a soft cloth to avoid damage to the flooring and surface of the product. Assembly should take place with the product lying flat.

Step 2

Insert the threads on the main stem section through the hole in base section (B) Pass the inline metal washer over the threaded section and attach inline nut to secure stem to the base. Tighten the nut fully using the spanner tool provided (C) Gently pull any excess cable through the base.

Step 4

Fit the shade (D) by first removing the shade ring already attached to the lamp holder section. Place the shade over the lamp holder and refit the shade ring to secure in place. Take care not to overtighten.

Step 5

Stand the floor lamp upright and ensure all the assembled parts are fully tightened.

Step 6

Fit the bulb: (E) type and wattage as indicated on the fitting.

The wattage indicated must not be exceeded.

Your floor lamp is now ready to be plugged into the wall socket and is ready to use.

Product information

- Indoor use only
- Non-dimmable
- Replacement bulbs should be the same type and rating, available from John Lewis
- Partners or other established brands
- Clean the fitting with a soft dry cloth
