REVIVAL TASK LAMP USER GUIDE

Product code
706 03249

Getting started

Thank you for purchasing this Revival task lamp. Please read the instructions carefully before use to ensure safe and satisfactory operation of this product.

Warnings

The supply cable runs through the inside of this product. Take care not to place undue stress on the cable whilst unpacking to prevent the possibility of a poor connection.

If you are in any doubt consult a person competent to give advice on the assembly of electrical equipment.

If the external flexible cable of the lamp is damaged it shall be exclusively replaced by the manufacturer or his service agent or a similar qualified person in order to avoid a hazard.

To prevent electrocution switch off at the mains supply before assembling or maintaining this fitting. Ensure the plug is not connected to any power supply and read instructions before assembly.

Always be sure to use the correct type and wattage of bulbs as indicated on the fitting. Never exceed the wattage stated.

When changing the bulb, always switch off at the mains and allow the old bulb to cool down before handling. Dispose of used bulbs carefully.

Caution! The bulb and surrounding areas can become hot.

Parts List

Ref	Description	Qty
A	Table lamp	1
B	Shade glass	1

Product assembly

Step 1

Unpack the product (A) and remove all packaging.

Be careful not to scratch the surface of the product whilst removing the wrapping.

Step 2

Fit the shade glass (B) by first loosening the three thumbscrews attached to the lamp holder section but do not remove screws fully. Place the shade glass over the lamp holder until the fluted end of the shade is in contact with the lamp holder. Holding the shade in place, tighten the screws a little at a time so they secure the glass evenly on all sides. Take care not to overtighten as this may cause damage to the fitting. Ensure glass is fully secured before leaving unattended.

Step 3

Fit the bulb: type and wattage as indicated on the fitting.

The wattage indicated must not be exceeded.

Your table lamp is now ready to be plugged into the wall socket and is ready to use.

Product information

- Indoor use only
- Dimmable (with compatible bulb)
- Replacement bulbs should be the same type and rating, available from John Lewis Partners or other established brands
- Clean the fitting with a soft dry cloth

Aftercare and troubleshooting

If you experience any unresolvable technical issues with the product, contact your nearest John Lewis & Partners shop or John Lewis & Partner Technical Support on 03301 230106.

Why is the light not working when switched on?

Check your power supply is switched on

Turn off light and check that the bulb is inserted correctly

Check the bulb is still in working order.
