

John Lewis Kitchens: 8, 12, 16 Cabinet Examples

JOHN
LEWIS

Making it easy to compare.

To give you an idea how each range compares, the guide price shown for our kitchen ranges, use an example layout of 8, 12 and 16 cabinets.* Of course, your kitchen may require more or fewer furniture components, but it's a good starting point for your budgeting. You can see a full range of sinks, taps, worktops and appliances on johnlewis.com. Example layout content listed below:

8 Cabinet Layout	12 Cabinet Layout	16 Cabinet Layout
