

Community Matters

We donate £3000 between three local good causes every three months, through a combination of money, products and our Partners' volunteering time.

Help us decide who gets what.

Bringing Quality to Life

Nominate a good cause

We're proud of the close links we forge between our Partners and local schools, charities and community groups. Wherever we do business, at home or abroad, we want to work with communities to make a difference.

Our Community Matters scheme gives you the opportunity to help us decide who gets what. Every three months, £3000 from our fund is shared between three good causes, in the same proportions as the tokens that have been dropped in our Community Matters box. The good causes will receive their donation in whichever way will benefit them most, either as money, products or time from volunteering Partners.

To nominate a good cause for Community matters, please complete the details below.

I'd like to nominate

_____ as a good cause

Please tell us more about what they do

What will John Lewis's donation be used for, and how will it benefit the local community?

Thank you for your nomination. Please drop this card at customer services.

We'll contact you if we'd like to progress your suggestion.

Please note that nominated good causes must be a registered charity, educational or community project and be within a 30 mile radius of this shop. When selecting good causes for Community Matters we look for the opportunity to make a lasting impact, reaching as many local people as possible.
