KITCHENS

A GUIDE TO YOUR JOHN LEWIS EDITION KITCHEN

Your kitchen is the heart of your home – and choosing the right one is a big decision that needs to work around you. Whether you want yours to be a buzzing, practical hub of activity, a bold style statement or a tranquil space, we're here to help bring it to life.

This guide is packed with ideas and inspiration, as well as useful tips for creating your own unique kitchen. It introduces our kitchen ranges, so you can choose your favourite from our range.

Our kitchens come with a 20 year cabinet guarantee and 15 year door guarantee, ensuring long-lasting quality and peace of mind. With so many doors to choose from, many available in 22 paint colours, you have the flexibility to design a kitchen that suits your unique style.

We use only the finest materials, including solid timber doors and advanced super matt technology, to ensure durability and elegance. If you're looking for a super contemporary kitchen, we offer true handleless designs in both slab and shaker door styles, providing a sleek and modern aesthetic.

Every aspect of your kitchen, from accessories to design and finishes, is carefully considered with superior attention to detail. Our cabinets are constructed using a truly rigid glue and dowel technique, ensuring they remain strong and sturdy for years to come. Additionally, we offer an extensive choice of internals and storage solutions, allowing you to create a kitchen that is both functional and beautiful.

INSPIRED BY NATURE

Recent trends have seen green emerge as the colour of choice for kitchens across the UK, in line with a shift towards more natural and earthy tones. The green kitchen design trend reflects a growing desire for spaces with a calm and tranquil atmosphere and connection with nature.

THE QUIET POWER OF NEUTRALS

Never underestimate a neutral. Adaptable to any style – from traditional to country to contemporary – they offer endless possibilities for any space. Create a warm, cosy welcome with natural earthy tones. Go sleek, simple and spacious with a low-key colour that lets your features shine. Think of neutrals as the calm, collected backdrop to your busy life... an oasis of calm for your kitchen.

A MODERN CLASSIC

Update the quintessential shaker kitchen with a handleless design.

IF YOU HAVE THE SPACE, WHY NOT INCORPORATE A CORNER PANTRY INTO YOUR DESIGN? IT'S PERFECT FOR STORING ALL YOUR EVERYDAY KITCHEN ESSENTIALS

PERFECT PLACES TO PUT THINGS

Organised minimalism is a well-stocked kitchen's new best friend. Our solutions show how you can neatly hide food and appliances away and still keep them easy to access - think corner pull-outs, bifold dressers and even a walk-in pantry.

**BIFOLD DRESSERS ARE A GREAT WAY
TO HIDE AWAY APPLIANCES LIKE COFFEE MACHINES
AND TOASTERS TO MINIMISE CLUTTER**

TALL PULL-OUT

If you're low on space, tall pull-out units are a super efficient way to keep food and appliances organised.

UNIQUE LAYOUTS

Choose an unusual run of cabinets as a design and storage feature.

CORNER UNIT

Pots and pans can be nicely tucked away in a corner, with these swing-out carousel shelves.

OPEN SHELVING

Every space can be put to use – even the end of your units. Side panels can be a great place to store things like cookery books.

JOHN LEWIS EDITION KITCHEN RANGES

From contemporary handleless styles to traditional timber doors, with plenty of unique options to find your perfect match. Each kitchen is built to order in the UK and built to last, with guarantees of 20 years on the cabinetry and 15 years on the doors.

Making it easy to compare

To give you an idea how each range compares, the price for the units uses an example layout (see below) of 12 units, including a 3 drawer base unit and end panels, plus an integrated fridge/freezer housing and a corner unit.

Of course, your kitchen may require more or fewer elements, but it's a good starting point for your budgeting. You can see a full range of sinks, taps, worktops and appliances on johnlewis.com

INSTALLATION

Starting price £3,500

The basic installation cost given for the 12 unit example includes installation of a standard laminate worktop or temporary worktop for templating. Costs will vary depending on product, layout and complexity of the design.

BASIC INSTALLATION INCLUDES

Removal and disposal of your kitchen

Installation of 12 units, panels and plinths

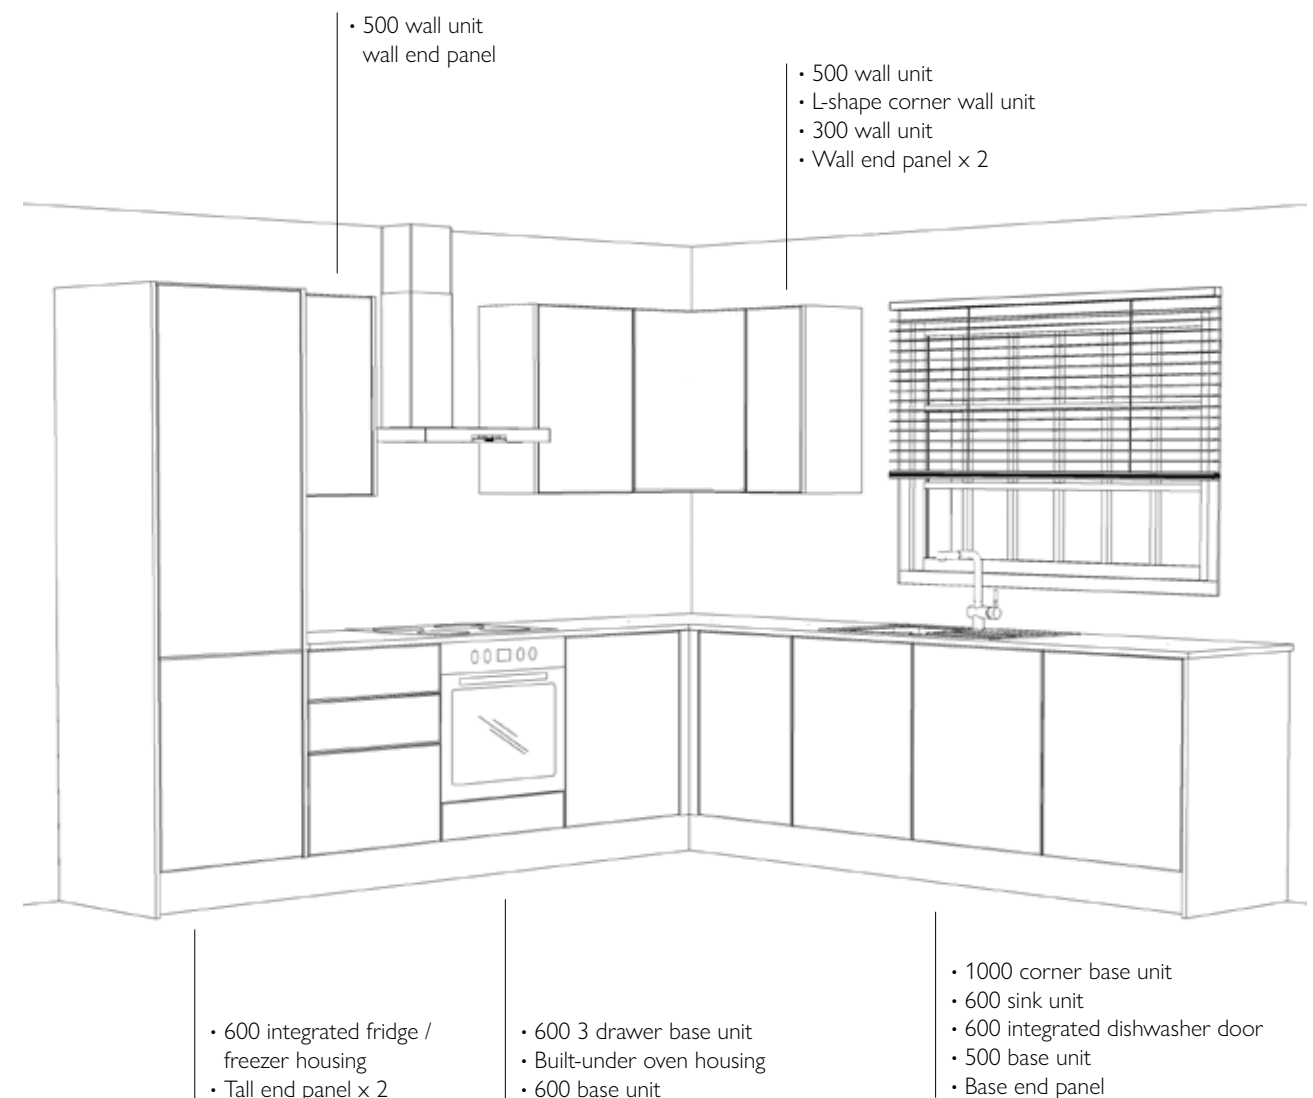

Installation and connection of appliances and accessories

Installation of worktops

Pre-site survey

Post-fit check and sign off

Electrical, gas and plumbing works can be provided as **supplementary works**. Please speak with your planner for full details.

CHOOSE YOUR KITCHEN

Once you've gathered together all your inspiration and ideas, it's time to start thinking about the style of your kitchen. We'll guide you through, helping you choose whether you'd like to go traditional or contemporary, which kind of materials you'd like, and what will suit your budget.

PICK A COLOUR YOU LOVE

Choosing the colour of your new kitchen is perhaps the most emotional and subjective part of the whole journey. You may have an exact shade in mind – perhaps one that fits in with the rest of your home, or simply your favourite colour – but if not, then we have 22 paint colour options to choose from.

Neutrals give a grounding, calm feel and can work with any colour scheme. Greys can be a beautiful backdrop to pops of colour and busy lives. Greens work wonderfully if your kitchen connects to outside space, while relaxing blues make a tranquil space, and earthy tones give a warm farmhouse-style welcome.
