

**metis® Dark Grey**

## What is metis® ?

**metis®** is a 15mm slimline solid surface, designed perfectly to offer style and efficiency in the kitchen due to their slender build and shape. In addition, affordable and on-trend ultra-thin design statements can be achieved easily without the need for bespoke templating.

Slender in both design and shape

Pre-fabricated, ready to fit, quicker to fit

Seamless joints for a continuous finish

Square profile factory finished edges, ready for fitting

- Comes with our 15 year guarantee against manufacturing defects
- Supported by FIRA Gold Award for product excellence

**metis®** Ice

## metis<sup>®</sup> delivery pointers

# CARYSIL

### Things to consider:

Please send a fully completed Direct Delivery factsheet with your purchase order.

Please send photos of any restricted access areas and stair ways.

If delivery is above ground floor, then please consider size and weight restrictions of the worktops. (3 metre length weighs 90 kilos). Consider when planning using the shorter 2.4 m lengths if the design allows.

If a large Island is included in the design, then be aware the installers will need to be onsite to

## metis<sup>®</sup> delivery

Products ordered are delivered to the customer's home address by Carysil's home delivery team.

You specify the week that the delivery will be required which we will acknowledge back to you.

The customer will receive confirmation via email of exact delivery day at least 1 week in advance, followed by a further email from the home delivery team to advise of a 2 hour time slot. Customers must respond to both emails.

Further confirmation will be made by the home delivery team driver 30 minutes in advance on the day of delivery by phone call to customer.
